FY 2024 Q3 Newsletter: Oct-Dec 2024

Dear Bengalurigas,

As I pen down my reflections on the past quarter, I'm reminded of a powerful quote by Jane s vision for a Better Bengaluru, for it reaffirms that a great city is not merely a place, but an ongoing process—one shaped by collective effort, shared responsibility, and the active participation of its citizens. The third quarter had been especially meaningful because it has allowed us to build upon the foundations we've laid, while also driving impactful change across several key initiatives. It was a season where our collective efforts, vision, and commitment came to fruition, setting the stage for even greater transformation in Bengaluru.

We are happy to share that the training sessions for B.CLIP Batch 9 which started in July have been successfully completed and the participants have started work on their individual projects on solving civic issues in their respective wards. B.CLIP Alumni organised Snehashraya Health Camps, enhancing health access for underprivileged. On the occasion of Deepawali, with generous support from Mazumdar Shaw Philanthropy we distributed 33,000 sweet boxes to BBMP Pourakarmikas and sanitation workers as a token of gratitude for their service to the city.

IRR Street: Standstill to Active initiative consistent efforts resulted in removal of 40% debris and waste on that street. We facilitated the installation of scientific speed humps, removed debris under the Ejipura Flyover, inspected bus stops, and submitted a memorandum urging the swift completion of key infrastructure improvements. Together, these efforts are transforming public spaces into safer, more accessible environments for all.

B.PAC and Namma Yatri facilitated auto-driving training for 20 women, promoting independence and economic participation in urban mobility.

Students from Mount Carmel College conducted the Russell Market Redevelopment Survey for the MLA's office in Shivajinagar under the Participatory Democracy Fellowship. The 2024 Arogya City Summit, co-hosted with Arogya World, was a landmark moment in commencing Bengaluru's journey toward becoming India's first Arogya City. Our efforts to foster good governance included a webinar on Demystifying the Right to Information and youth engagement on shaping India's governance future.

In the domain of environmental sustainability, B.PAC joined hands with Toyota Tsusho Insurance Broker India Pvt. Ltd. for a cleanup drive at Bal Bhavan.

Looking ahead, I am inspired by the boundless potential we share to create meaningful and lasting change. Together, every step we take brings us closer to building a better, stronger, and more sustainable Bengaluru. Thank you for your continued support, engagement, and unwavering commitment to making a difference—one thoughtful action at a time. The journey is long, but with collective effort, the impact will be profound.

Warm regards,

Revathy Ashok

Hon Managing Trustee & CEO

Bangalore Political Action Committee (B.PAC)

CIVIC LEADERSHIP INCUBATOR PROGRAM

Let's Govern Better

B.CLIP Batch 9 participants start work on their civic projects after intense training sessions

The 9th batch of the B.CLIP Program successfully completed the first phase of training, delving into intensive sessions designed to equip the participants with essential skills and insights for impactful civic leadership. In the second phase, the participants have begun work on their civic projects of solving civic issues in their respective wards. This quarter saw a mix of training sessions and field visits.

The sessions were enriched by insights from distinguished speakers:

- **Mr. Ravi Kumar**, Civic Leader and B.CLIP Alumnus: “Resource Mobilisation for Civic and Political Campaigns”
- **Mr. K. Jairaj, IAS (Retd.)**: “Urban Aspiration vs Reality: An Administrator’s View”
- **Mr. Ramesh**, Political Strategist: Utilising data and research for local body election campaigns, with a focus on BBMP
- **Mr. Manjunath Raju**, Former Corporator: “Citizens’ Expectations from a BBMP Corporator”
- **Mr. Amit Nigli**, Civic Leader and B.CLIP Alumnus: “A Guideline for Civic Leaders”

As part of our experiential learning modules, the participants embarked on insightful field visits to deepen their understanding of civic and governance systems. At the **BWSSB Rainwater Harvesting Park in Jayanagar**, **Mr. Sunil**, the park’s in-charge, provided a detailed walkthrough of the rainwater harvesting system, explaining its methods, benefits, and implementation procedures.

The participants also visited **Vidhan Soudha, Karnataka’s legislative hub**, where they explored the rich history and architectural significance of the building. They had the opportunity to observe session proceedings, gaining first hand insights into legislative processes and governance. With such impactful learning experiences, Batch 9 is well on its way to cultivating empowered civic leaders dedicated to driving change.

Deepavali Sweet Distribution to BBMP Sanitation Workers With Support from Mazumdar Shaw Philanthropy

In the spirit of Deepavali, B.PAC with generous support from **Mazumdar Shaw Philanthropy**, carried out the 4th edition of Deepavali Sweet Distribution drive, delivering **33,000 sweet boxes to BBMP Pourakarmikas and sanitation workers across Bengaluru city.**

The initiative aimed to honour and appreciate the relentless efforts of these frontline workers who play a vital role in keeping the city clean and functional. The **launch event was graced by Mr. Vikas Suralkar, IAS, and Ms. Pratibha, Joint Commissioner**, adding significance to the occasion. Members of the B.CLIP Alumni actively supported the on-ground distribution, ensuring the initiative reached every corner of the city, spreading joy and gratitude during the festive season.

Snehashraya Health Camp Reaching Over 1500 Beneficiaries

B.PAC, in collaboration with Muthoot Snehashraya, organised health camps led by B.CLIP leaders Ms. Shailaja and Ms. Shanta Krishna Murthy. The camps, held on December 28th at HSR Layout and December 29th at NRI Layout, provided vital healthcare services to the community, reaching over 1,500 beneficiaries.

These initiatives offered free medical consultations, essential health check-ups, and wellness guidance, ensuring access to quality healthcare for residents across diverse age groups. By fostering awareness and preventive care, the health camps exemplified community-driven efforts to promote healthier neighborhoods, demonstrating the power of civic leadership in transforming lives and strengthening public health frameworks.

B.PAC
3. ENGAGED
PARTICIPATORY DEMOCRACY PROGRAM

**Participatory Democracy Fellowship Program: Russell Market
Redevelopment Survey**

In collaboration with the **Office of MLA Shivajinagar Sri Rizwan Arshad**, students of **Public Policy at Mount Carmel College** participated in the *Participatory Democracy Fellowship Program*, conducted on a **Marketplace survey for the redevelopment of Russell Market**. The fellows conducted data collection and community outreach to gather insights from local stakeholders, including vendors, customers, and civic workers, through questionnaires.

The data collected was shared with the **Urban Planning and Office of MLA teams**, emphasising input from the market's vendors, customers, Pourakarmikas, Junior Health Officers, and Market Association members. This data will guide the sustainable and equitable redesign of the market. The fellows engaged in movement mapping, report-making, and presented their findings to **MLA Shri. Rizwan Arshad**. The program aimed to provide students with practical experience in civic engagement and public problem-solving.

B.PAC Supported The Arogya City Initiative To Create A Healthy Bengaluru

B.PAC, in partnership with Arogya World and Rotary, hosted the 2024 Arogya City Summit on December 3rd, 2024, at Mount Carmel College, a landmark event focused on advancing Bengaluru's journey toward becoming India's first Arogya City. The event shone brightly with the presence of *Hon'ble Minister of Health & Family Welfare, GoK*, **Shri. Dinesh Gundu Rao**, and **Her Highness Ms. Pramoda Devi Wadiyar** as Guests of Honour, alongside the dynamic brand ambassadors, **Dr. Devi Shetty**. An inspiring keynote by **Dr. Sudarshan Ballal**, *Chairman of Manipal Hospitals*, set the stage for meaningful discussions on health and wellness.

This Summit built on the transformative vision launched in November 2022, aimed at addressing Non-Communicable Diseases (NCDs) in the city. With the collective efforts of **22 Pledgemakers**, the project exemplified the power of collaboration in driving healthier futures. The 2024 Arogya City Summit revitalised this commitment, positioning Bengaluru as a guiding light in advancing public health and holistic well-being for generations to come.

**Good Governance Month,
Celebrating Accountability and Transparency**

**Webinar on Right to Information
by Veeresh Bellur, RTI Activist**

Celebrating **Good Governance**, B.PAC, in collaboration with **Bengaluru Post**, organised an enlightening webinar titled *"Demystifying Right to Information: Empowering Citizens to Engage in Good Governance"* The session, conducted on December 17th, 2024, featured **Mr. Veeresh Bellur**, *Trustee of the Right to Information Study Centre*, Bengaluru. This insightful discussion explored the transformative power of the RTI Act, a vital tool that empowers citizens to seek information, ensuring transparency and accountability in governance.

Mr. Bellur provided practical guidance on effectively using RTI to drive change, highlighting how access to government decisions, policies, and processes strengthens democracy and fosters a culture of informed citizen participation. By demystifying the complexities of the RTI Act, the webinar inspired citizens to harness their right to information and play an active role in shaping good governance.

#Youth4Governance Campaign

In celebration of Good Governance and to emphasise its importance, B.PAC, in collaboration with **Bengaluru Post**, launched a vibrant **#Youth4Governance** social media outreach campaign. The initiative

engaged directly with young citizens, capturing their thoughts on governance and their role in shaping India's future. Through dynamic interviews and candid conversations, the campaign amplified youth voices, sparking dialogue on transparency, accountability, and civic responsibility. By giving the youth a platform to express their views, B.PAC and Bengaluru Post have catalyzed a renewed focus on building a better Bengaluru, highlighting the importance of active citizen participation in creating an inclusive city.

Lecture by Team B.PAC at NITTE School of Architecture, Planning, and Design

On December 18th, Team B.PAC conducted an insightful lecture titled *"Building Better Bengaluru: Governance, Urban Mobility, and Public Space Solutions"* for 100 students from B.Plan, B.Arch, and B.Des programs at NITTE School of Architecture, Planning, and Design. The session featured key speakers **Ms. Harshitha Venkatesh**, *Program Lead, B.ENGAGED*, **Ms. Siri TK**, *Program Lead, B.SAFE*, and **Ms. Priyanka Krishnan**, *Research & Program Associate, B.MOBILE*.

The lecture explored critical urban challenges and innovative solutions for creating a sustainable, inclusive, and safer Bengaluru. Through engaging discussions, students gained valuable insights into the intersections of governance, mobility, and public safety, inspiring them to take a proactive approach in urban planning and civic leadership.

B.PAC SAFE

WOMEN & CHILD SAFETY PROGRAM

B.PAC collaborates with Namma Yatri's Mahila Shakthi Program to train 20 women auto drivers

B.PAC collaborated with **Namma Yatri's Mahila Shakthi Program** aimed at empowering women as electric auto drivers in Bengaluru. We organised an auto-driving training session for **50 women drivers**. This initiative marks a significant step toward promoting women's independence, self-reliance, and economic participation in urban mobility. By equipping women with the skills to operate autos, the program aims to break gender barriers in the transport sector while enhancing their livelihood opportunities.

B.PAC is excited to expand this initiative across Bengaluru, working closely with local civic leaders to foster a supportive ecosystem for women drivers, ultimately contributing to a safer, more inclusive, and equitable city for all.

Ms. Revathy Ashok, *CEO and Managing Trustee of B.PAC*, met with **Shri. Ramalinga Reddy**, *Hon'ble Minister of Transport, Government of Karnataka*, to discuss key measures for empowering women auto drivers trained by B.PAC. The discussion focused on providing concessional rates for driving licenses and introducing government subsidies for auto purchases to enhance financial access and sustainability. In a significant step forward, Shri. Ramalinga Reddy issued an assurance letter, committing to implementing necessary support mechanisms for these initiatives.

Project Malleshwaram Anubhava

B.PAC, in collaboration with BMS College of Architecture, hosted an advocacy meeting to discuss the “**Malleshwaram Anubhava**” project, a student-led initiative from BMS College of Architecture, Basavanagudi. This project is dedicated to an in-depth exploration of the distinctive character of Malleshwaram, focusing on both the historic Kadu-Malleswaram area and the wider Malleshwaram ward, with the aim of identifying the core drivers of urban growth and transformation.

As part of our advocacy work, a focused discussion was held with **Dr. Ashwath Narayan**, *MLA of Malleshwaram*, **Ms. Sushma**, *Executive Engineer and Head of BBMP Malleshwaram*, and other key stakeholders to review the students' proposed interventions and actionable insights.

B.PAC **MOBILE**

SUSTAINABLE MOBILITY FOR ALL

B.PAC at the Mobility Symposium by MoveInSync

At the **Mobility Symposium 2024**, organised by **MoveInSync**, three esteemed board members of B.PAC had the privilege of serving as speakers and panelists, offering valuable insights on crucial topics related to sustainable transportation, smart cities, and inclusive mobility. The

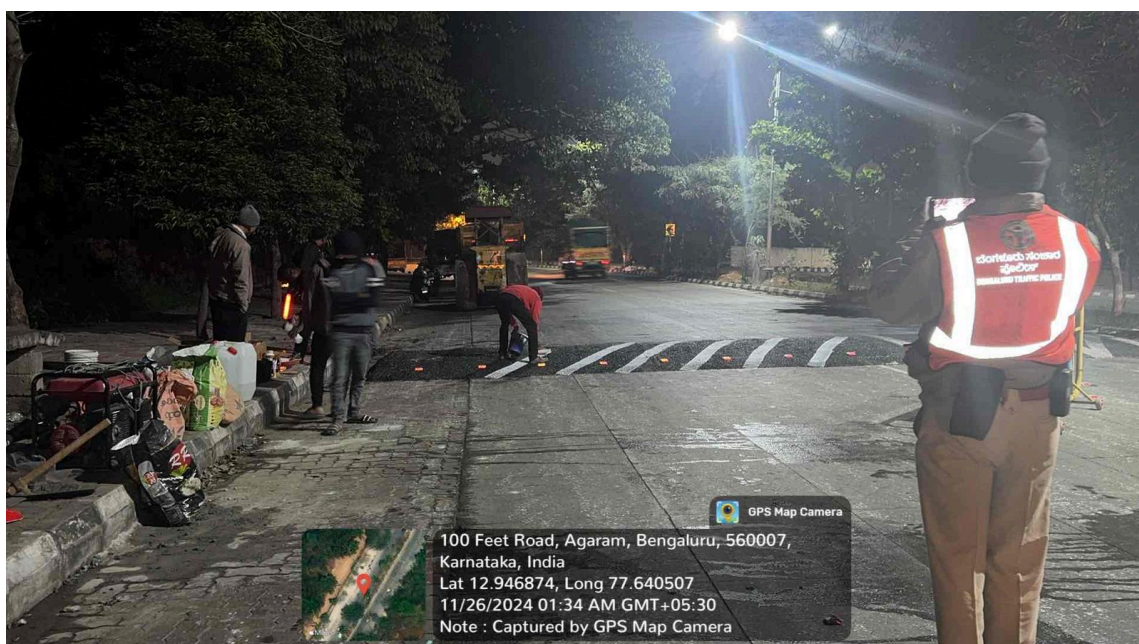

event brought together experts from various sectors to address the challenges facing urban mobility and explore innovative solutions.

Mr. T. V. Mohandas Pai, *Vice-President of B.PAC*, delivered an impactful Spotlight Talk, setting the tone for discussions on the future of urban mobility. **Mr. R. K. Misra**, *Board Member of B.PAC*, contributed to a thought-provoking panel discussion on "Decongesting Indian Cities: A Near Future or a Far-Fetched Dream?". **Ms. Revathy Ashok**, **Honorary Managing Trustee and CEO of B.PAC**, participated as a panelist in the discussion "Increasing Women's Participation in the Workforce – The Role of Accessible and Safe Commute." The symposium successfully highlighted the need for collaborative efforts to improve mobility solutions and create more inclusive, sustainable, and efficient urban spaces.

IRR Street: Standstill to Active initiative - Revamping IRR Into A Moving & Lively Street

The IRR Street: Stand Still to Active initiative is aiming to improve bus connectivity, road safety and pedestrian walkability along the Intermediate Ring Road, alleviate traffic congestion, and create lively streets. We have made tremendous progress in improving the IRR with regular meetings and audits followed by constant follows ups with the concerned departments.

1. Road Safety

On November 25th, scientific speed humps were installed at two high-risk blackspots on the Intermediate Ring Road (IRR), thanks to BBMP Traffic Engineering Cell (East) and its contractors. Additionally, Raised Pedestrian Crossings (HRPCs) were implemented at four crash blackspots, further enhancing safety measures. This progress comes alongside B.PAC's efforts in facilitating renovations and amenities that contribute to a safer and more inclusive city for all. The specific locations of speed humps and signages include the defence land curve towards Indiranagar, near Ultraviolette Hangar opposite Hero Honda bus stop. HRPCs are at DELL towards Indiranagar and near the TVS showroom in Domlur. These areas, previously notorious for accidents, have now seen significant safety improvements, with signage installed before the speed humps by the Bengaluru Traffic Police (BTP). These milestones are the result of six months of diligent work by B.PAC, which included crash data analysis, design preparations, and continuous follow-ups with BBMP TEC and BTP.

#BPACimpact

2. Ejipura Flyover Cleaning

Since October 2024, B.PAC has been actively working alongside BBMP, contractors, BBMP Marshals, and the SWM team to address the growing issue of construction debris and garbage on the Ejipura flyover median and the defense land boundary. Through intense follow-up, inspections, and coordination, significant progress has been made, resulting in the removal of 40% of the debris and waste. **To date, a total of 93 auto-tipper loads, approximately 46.5 tonnes of garbage, have been cleared, along with 96 truckloads, amounting to approximately 2400 tonnes of construction debris and soil. Additionally, five trailers, including 130 construction barricades, were removed to further improve the area's safety and cleanliness. Crash barricades are now**

being placed in the medians, and BBMP Marshals are maintaining a vigilant presence day and night to deter further dumping and enforce penalties, despite limited resources. This collaborative effort marks a crucial step in restoring cleanliness and safety to these high-traffic areas.

[Know More](#)

3. Bus Stop Accessibility

The defence land boundary towards Indiranagar, near Ejipura signal, had long been a neglected area, fully dug up, unwalkable, and poorly lit, posing a significant road safety risk to pedestrians. Recognising the urgency of the issue, B.PAC took immediate action to improve the situation. A one-metre temporary walkway is now being constructed, providing safer access to the Ejipura bus stop (towards Indiranagar). In addition, **10 temporary lights have been installed along the 200-metre stretch**, transforming a once dark and hazardous area into a well-lit and safer route for commuters. In a collaborative effort, B.PAC joined forces with BMTc, BBMP TEC, BTP, and the shelter agency to inspect six bus stops in the East zone, working together to identify optimal locations for further infrastructure improvements. This initiative showcases B.PAC's commitment to enhancing urban mobility and public safety.

[Know More](#)

4. Advocacy

B.PAC recently submitted a memo to **Shri. Ramalinga Reddy, Hon'ble Transport Minister of Karnataka and MLA of BTM Layout Constituency**, highlighting critical infrastructure issues along the Intermediate Ring Road (IRR). The memo requested the priority installation of 8 missing bus waiting shelters to improve commuter comfort and safety. Additionally, it urged the cleaning of debris and garbage in key areas, ensuring a cleaner, more navigable environment for the public and the need for adequate street lighting to enhance safety, especially during nighttime hours.

Lastly, B.PAC called for the expedited completion of the Ejipura Flyover construction, which has been a longstanding concern for local residents and commuters.

Hosur Road Intervention

B.PAC recently held a productive meeting with DCP South and Arcadis to discuss short-term actionable improvements for the Madiwala Police Station and Madiwala Checkpost junctions. One key outcome was the replacement of non-functional street lamps at the Nexus Mall junction, which was taken up with BBMP Electrical to ensure proper lighting, especially in time for the New Year celebrations. **The efforts led to the successful restoration of the lamps along the stretch. Bengaluru**

Traffic Police installed vehicle height barricades before the Madiwala Underpass, addressing the frequent issue of heavy vehicles jamming due to the underpass depth of only 4.3 metres.

In collaboration with BTP, B.PAC also shared recommendations for improving traffic safety and flow at the Madiwala Checkpost junction through the Suraksha 75 proposal. B.PAC is currently assessing the feasibility of a proposed right turn, analyzing vehicle counts from CCTV footage to inform the decision-making process.

Training Transport Officials at IIHS

As part of a 3-day training programme for Transport officials, organised by **Indian Institute for Human Settlements (IIHS)** in collaboration with **Ministry of Road Transport and Highways, Government of India (MoRTH)**, B.PAC, represented by **Ms. Priyanka Krishnan, Research & Program Associate of B.MOBILE**, conducted an insightful session titled *'Enhancing First and Last Mile Connectivity through Sustainable Mobility and Public-Private Partnerships'*.

The session brought together transport officials from seven states, including representatives from OSRTC (Odisha), KSRTC (Karnataka), KKRTC, BMTCL (Bengaluru), APSRTC (Andhra Pradesh), TGSRTC (Telangana), GSRTC (Gujarat), and the Transport Departments of Chhattisgarh and Tripura. The session focused on fostering collaboration between public and private sectors to enhance mobility solutions and improve first and last-mile connectivity, a crucial component in shaping a sustainable and efficient transport ecosystem.

Clean-up drive at Bal Bhavan by Toyota Tsusho Insurance Broker India Pvt. Ltd. and B.PAC

On 23rd November, B.PAC and Toyota Tsusho Insurance Broker India Pvt. Ltd. (TTIBI) joined hands for a clean-up drive at Bal Bhavan. The event was inaugurated by **Shri. Rizwan Arshad**, *MLA of Shivajinagar*, in the presence of **Mr. Takayuki Ueda**, *MD & CEO of TTIBI* and **B R Naidu**, *Chairman - Bal Bhavan Society*. The drive saw enthusiastic participation from TTIBI employees and their families, who worked together to remove litter from the venue, successfully collecting **108 kgs** of waste.

**B.PAC, in collaboration with CGI and the
BBMP Climate Action Cell, launched Chat with Nisarga**

During the **Friend of Climate Action Cell** convening, **B.PAC**, in collaboration with **CGI** and the **BBMP Climate Action Cell (CAC)**, launched **Chat with Nisarga**, an innovative knowledge bot aimed at enhancing support, reducing operational time, and boosting motivation for individuals engaged in climate action initiatives. The bot serves as a valuable tool for the CAC, providing quick, accessible answers to questions, streamlining communication, and ensuring that climate action efforts are more efficient and impactful. By leveraging the power of digital innovation, Chat with Nisarga is poised to further empower individuals and organisations to take meaningful action towards combating climate change.

CLEAN-UP DRIVE AT BAL BHAVAN

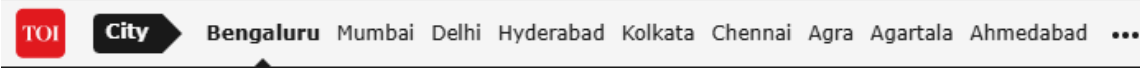

Bengaluru: The Bangalore Political Action Committee (B.PAC) and Toyota Tsusho Insurance Broker India Pvt Ltd (TTIBI) conducted a clean-up drive at Bal Bhavan, Cubbon Park on Saturday. Shivajinagar MLA Rizwan Arshad inaugurated the drive, which is a CSR initiative of TTIBI. 108 kg of waste was collected during the drive. "It is wonderful to see employees and their families come together for this noble cause of cleaning Bal Bhavan. We hope more organisations join this cause," said MLA Rizwan Arshad. Takayuki Ueda, Managing Director & CEO of TTIBI said, "TTIBI is committed to the communities in which we operate and this time we have partnered with B.PAC to a promote cleaner and greener park for children, as part of the Children's day month."

The New Indian Express covered the Cleanup Drive at Bal Bhavan, conducted by Toyota Tsusho Insurance Broker India in collaboration with B.PAC.

Bangalore Mirror covered B.PAC's road safety initiative, highlighting the successful installation of scientific speed humps at two high-risk blackspots on the Intermediate Ring Road (IRR).

Dust amid traffic crawl on IRR fuels health concerns

Pearl D'Souza / Dec 15, 2024, 23:17 IST

Bengaluru: Slow moving traffic coupled with dust have rendered the Intermediate Ring Road a nightmare and a health concern for two-wheeler riders and pedestrians. Two of the worst spots on the stretch are at the Ejipura signal and Sony World signal.

"I have started taking alternative routes to reach my office in Koramangala," said Dan K, a resident of Rustom Bagh, Outer Ring Road. "Each day, I commute 7.5km stretch and although my alternative route has more signals, I reach office at least 20 minutes faster. The other road has been horrible for over three months, with a lot of dust closer to Sony World signal. That the short duration of the green light there only makes the spot more horrible for motorists," he said.

Times of India covered our efforts on Project IRR Street: Standstill to Active, an initiative, spearheaded by B.PAC along the 7.5 km stretch of Intermediate Ring Road, which has gained momentum.

envelope EMAIL

An initiative to enhance safety, walkability, and bus reliability along a 7.5-kilometre stretch of the Inner Ring Road between Indiranagar and Koramangala is beginning to show results. This important route, which connects residential neighbourhoods, offices, schools, hospitals, and places of worship, has long suffered from poor pedestrian infrastructure, garbage dumping, and debris

accumulation.

Bangalore Mirror covered a significant milestone achieved through B.PAC's facilitation was the clean-up of the Ejipura flyover median and the defense land boundary, where a total of 2,400 tonnes of construction debris and 46.5 tonnes of garbage were removed.

Citizen group submits memo seeking better infra on Inner Ring Road

By Iffath Fathima / Updated: Dec 26, 2024, 06:00 IST

A memorandum addressing pressing concerns for installing missing bus stops, cleaning construction debris, improving street lighting, and expediting the Ejjipura Flyover construction along the Inner Ring Road (IRR) was submitted to the Transport Minister Ramalinga Reddy. The primary focus of the memorandum was the installation of eight missing bus stops along the 7.5-km stretch of IRR between Indiranagar and

Koramangala.

Bangalore Mirror covered B.PAC's submission of a memorandum highlighting critical issues along the Intermediate Ring Road (IRR) to Transport Minister Ramalinga Reddy.

Communication & Outreach

In the third quarter, our digital campaigns focused on key pressing issues, reflecting our ongoing commitment to raising awareness and advocating for a better quality of life for Bengaluru's citizens. These campaigns highlighted our efforts to address the city's most urgent challenges and drive positive change.

- **Swachha Bengaluru:** In October, B.PAC launched the Swachha Bengaluru online campaign to raise awareness about cleanliness and waste management in the city. The campaign engaged citizens through impactful messages, tips for sustainable living, and calls to action for maintaining a cleaner Bengaluru. Through social media platforms, B.PAC aimed to inspire community participation in building a healthier, greener urban environment.
- **Public Transport Campaign:** On World Public Transportation Day (November 10), B.PAC launched the Public Transport Day Campaign, encouraging citizens to embrace sustainable commuting options like buses and metro instead of private motor vehicles. Through engaging stories, impactful posts, the initiative highlighted the benefits of public transportation for reducing traffic congestion, lowering carbon emissions, and fostering community well-being.

Acknowledgements

We extend our heartfelt gratitude to all our Supporters, Funders, Partner Organisations, Para-statal Agencies, Civil Servants, Media, Civic groups, Resident Welfare Associations, B.CLIP Civic Leaders, and Volunteers who continue playing a vital role in our efforts to create a better future for Bengaluru.
